Job Description

Trainer-Airlines, Tourism & Hospitality

- Design and develop training materials, manuals, and courses that align with industry regulations, company policies, and best practices.
- Develop learning materials, syllabi, and assessments for courses within the aviation program.
- Deliver engaging lectures and practical sessions to students, covering topics such as aviation management, safety regulations, air traffic control, and aviation technology.
- Use a variety of teaching methods, including lectures, simulations, case studies, and hands-on activities, to cater to diverse learning styles.
- Assess and evaluate student performance through examinations, assignments, and projects.
- Provide constructive feedback to students to support their academic and professional development.
- Establish and maintain connections with industry professionals to integrate real-world insights into academic programs.
- Organize and oversee practical training experiences, internships, or cooperative education programs for students to gain hands-on industry exposure.
- Collaborate with aviation companies to facilitate student placements and industry partnerships.
- Stay updated on industry trends, advancements, and regulatory changes to incorporate relevant content into the curriculum.
- Provide academic and career advice to students pursuing aviation-related degrees.
- Serve as a mentor to guide students in their academic and professional pursuits.

Desirable Qualification:

- Minimum Degree / Diploma in Airlines & Aviation and relevant subjects.
- Previous teaching experience at the university level or relevant industry experience.
- Familiarity with aviation regulations, safety standards, and industry best practices.
- Strong communication and interpersonal skills.
- Ability to engage students and create an inclusive learning environment.
